

The Fall Fun Rally is one of the oldest and largest annual Venturing events in the country. The Fall Fun Rally began as an Exploring Event over 35 years ago. In past years over 600 Venturers, and Advisors have attended (and yes about 40 Explorers too). This year we anticipate more and look forward to celebrating Venturing's 10th Birthday as the Central Region Venturing Event.

FALL FUN RALLY

When: September 19-21, 2008

Where: Beaumont Scout Reservation
High Ridge, MO, near St. Louis

Cost: \$12 includes most activities, and T-Shirt

The Fall Fun Rally is the largest Venturing event in the country. Over 700 participants will come together for a great weekend full of fun. This year the Fall Fun Rally has been designated as the Central Region Venturing event recognizing Venturing's 10th Anniversary. In fact we plan on having a gigantic cake. So bring a piece of the cake, and we'll celebrate together.

So come campout with 700 of your closest friends, and do some things you'll never do elsewhere. We challenge you to find more to do for less money.

Oh, and did we mention that the Fall Fun Rally is a youth led event? The FFR is led and planned by the youth of the Venturing Officers' Association. Each district is developing their part of the FFR, including areas such as *Medieval Olympics*, *Fantastic Fun-Filled Frenzy*, *Pirates of Beaumont*, *Survivor: Venturing Edition*. We think we're the best youth led event out there. We invite you to come judge for yourself.

ONE WEEKEND, SO MUCH TO DO

So here's some of what you can expect to do at the FFR. We've got demonstrations, competitions, activities, shows, high adventure, and just plain fun. There's still more to come, so keep up to date over at www.fallfunrally.org as we confirm more over the next few months.

FRIDAY NIGHT:

Our program kicks off Friday night with a bunch of easy going activities. Come meet the people you are going to play with as Hula Hoop Contest, Centipede Racing, Shoe Wrestling, and other exciting activities. We'll also have a president and advisor meeting, and the Greater St. Louis Area Council VOA elections.

SATURDAY:

This is where the real action is over 50 activities are scheduled for the day including Kick the Can, Iron Chef, Pack the Pack, Volleyball Tourney, Frisbee Golf, Jousting, Fencing Demonstration, Mountain Men Encampment, Crafts, Sea Scouting Display, Obstacle Course, Fear Factor: Woods Survival, Search and Rescue, Badminton, Capture the Flag, Squeeze Box, GPS Rescue Relay, Smith Demonstration, Car Show, Backyard Games, Horse Races, Shotgun and Rifle Shooting. Mud cave and the climbing tower (now with Prussic climbing) will be open. Trail Rides (nominal fee) will also be available.

There will be more activities come so watch the website for more to come.

SATURDAY NIGHT:

This may be the end of the party, but we plan to go out with a bang. After Dinner we'll have religious services for you. Following that will be an awards celebration, officer swearing in and slideshow of the weekend. Its a great party held in the amphitheater. The party will then spill over to the Dance, complete with an adult lounge. We'll celebrate Venturing's 10th with a gigantic birthday cake. Or if you are more of an outdoors person, jump on the hay rides (nominal fee).

Come join nearly 700 Venturers as we camp out at the largest annual Venturing event.

The rendezvous encampment is a great area. Come toss a hawk and drink some root beer.

A highlight last year was 'pumpkin chunkin'. Watch out for this year's design competition.

The Beaumont Climbing tower and Mud Cave will be open. New this year will be prussic climbing.

We're not sure if the obstacle course or Mud Cave got them. You'll have to try em both.

We end our weekend with an awards ceremony and slide show.
